

The Plague of Swords (Traitor Son Cycle 4)

ONE ENEMY HAS FALLENA
GREATER ONE REMAINS
NOW ITS WAR ...
The Red Knight withstood the full
might of his enemy, and won the day. In a
victory which will be remembered through
the ages, he brought disparate factions
together and turned them into allies against
a more powerful foe than they had ever
seen. Now, he will need his allies more than
ever. Because behind one adversary hid
another - one with allies of their own -
whose goal was never to destroy Alba, but
to distract the Kingdom while achieving his
true aim. And whatever it is, its probably
not in the Red Knights interest. With one
army defeated, now the Red Knight must
fight again ... and for every one of his
allies there is a corresponding enemy. Spread
out in different lands, and on sea, it will
all come down to one last gamble. And to
whether or not the Red Knight has guessed
their foes true intentions. With each throw
of the dice, everything could be lost ...
