

Cold Lover - A Sexy Medieval Fantasy Novelette From Steam Books (The Far Realm Chronicles Book 7)

A member of a fierce society of ice maidens, Kayleen plans to take the gorgeous and muscular Marleki for her mate, but apparently she is not the only one: the pair are ambushed by a ruthless gang of renegade barbarian maidens, notorious for kidnapping men for their own carnal needs. Kayleen and Marleki must work together to overcome the bloodthirsty--and lustworthy--warrior women. WARNING: This 10,307-word (about 52 pages) novelette is a steamy read that features explicit scenes of sexuality including bondage and F/F bisexuality in a medieval fantasy setting and may be too much for some readers to handle!

Love some magic and mayhem in your stories? Maybe a tale of a far off land in a different time and place? This fantasy list might just be for you, then (BookSee more ideas about Short stories, Fiction books and & other stories. by a writer for the Emmy Award-winning series The Office includes the title story, in which .
