

D-Passage: The Digital Way

D-Passage is a unique book by the world-renowned filmmaker, artist, and critical theorist Trinh T. Minh-ha. Taking as grounding forces her feature film *Night Passage* and installation *L'Autre marche* (*The Other Walk*), both co-created with Jean-Paul Bourdier, she discusses the impact of new technology on cinema culture and explores its effects on creative practice. Less a medium than a way, the digital is here featured in its mobile, transformative passages. Trinh's reflections shed light on several of her major themes: temporality; transitions; transcultural encounters; ways of seeing and knowing; and the implications of the media used, the artistic practices engaged in, and the representations created. In *D-Passage*, form and structure, rhythm and movement, and language and imagery are inseparable. The book integrates essays, artistic statements, in-depth conversations, the script of *Night Passage*, movie stills, photos, and sketches.
