

Eduard and Charlotte are an aristocratic couple who live a harmonious but idle life in their estate. But the peace of their existence is thrown into chaos when two visitors - Eduard's friend the Captain and Charlotte's passionate young ward Otilie - provoke unexpected attraction and forbidden love. Taking its title from the principle of elective affinities - the theory that certain chemicals are naturally drawn to one another - this is a penetrating study of marriage and adultery. Inspired by Goethe's own conflicting loyalties as he battled to maintain his relationship with his wife and control his feelings for a younger woman, *Elective Affinities* is one of the greatest works of the romance era: a rich exploration of love, conflict, and the inescapable force of fate.

Maternal-Child Nursing, Paradise (Modern Library Classics), The Hammer and The Horn (The Vidar Saga) (Volume 1), How to Survive & Maybe Even Love Nursing School: A Guide for Students by Students, Typee: A romance of the South Seas (World Classics), Demons Delight: An Urban Fantasy Christmas Collection, Louises Gamble (A Louise Pearlie Mystery), Laboratory Manual Essentials of Anatomy and Physiology, Path of the Eclipse: A Novel of the Count Saint-Germain (Saint-Germain series Book 4), Letters and Correspondence of John Henry Newman During His Life in the English Church, with a Brief Autobiography, Volume 1,
