

When young eight year old Elliot gets dismissed from his family, who are all too busy to play with him, he wanders off and finds magic and adventure in the strange and unusual world of NoWhere. Elliot blossoms when he meets a shape shifting mallard named Barlow. Barlow wears a rumpled brown corduroy suit and promises Elliot that he will always be loved and welcome in NoWhere. Zoey is a precocious two year old. With her best friend, a nappy stuffed Space Gorilla - DawR, Zoey goes on many magical adventures when she realizes that she has the power to open doorways into other Poles of reality. These adventures cause trouble for her parents when Zoey and DawR begin to attract attention from the wrong kind of people. Enemies are afoot. On one of these adventures Elliot and Zoey's paths cross and they become friends, but the enemies are already at their door. Adventures NoWhere is a wild ride through the minds of children but morphed through the demented imagination of the cult critically acclaimed writer of the Logos books, Bryan Higby.
