

As a Boy

Boys around the world are treated differently than girls just because of their gender. They are given an education and choices, but are also expected to be men, to work, to fight, to be brave. Amazing photographs of children are paired with simple text showing that these boys wish for the same choices and freedoms they have to be given to the girls and women in their lives. As a Boy is a valiant call for all children's voices to be heard.
