

Rarely has a guide been so literally “enlightening!” That’s because it’s filled with information on how to achieve a bright, spacious, uncluttered home by maximizing space and light—key issues in every abode, whether rented or owned, large or small, in the town or the country. Many of the solutions are both quick and inexpensive, and six practical case studies show the theory put into eye-opening practice. Pages of inspiring images and advice illustrate key points of interior design—including color, pattern, and texture, as well as window treatments and light fixtures—and a room-by-room analysis covers specific needs in detail.
