

When Venn Connell set out from Andvell a month ago, her intentions were simple: solve a mystery, avoid starting a war, and have some fun in the process. After uncovering the secrets lurking within the Margolan palace, her adventure takes a darker path. War is no longer a question of if but of when, and the enemy is a greater nightmare than she could have imagined. Torn between protecting her family and saving her country, forced to take on the role of leader she has tried so hard to avoid, Venn must decide her priorities before the mystery of the Cadis warriors consumes everything she cares for most. A follow-up to the Meratis Trilogy, the Cadis Trilogy follows Venn Connell, the sassy, blade-wielding assassin whose sharp tongue and love for adventure get her in no end of trouble. When a simple quest rolls into more action than she expects, the woman who swore never to grow attached to anyone must trust in her friends to overcome old spells, demons, and a magical war that could destroy her world
