

What does it feel like to be dominated by two dragons? Would you enjoy it? Over 5 free bonus stories inside plus an irresistible free gift! **WARNING:** This book has several moments that are sizzlin hot, so its highly recommended that you are dress in appropriate clothing and crack a window before reading! Two twin dragon shapeshifters dont know a whole lot about their family history, and theyre not exactly what youd call normal people. Their late father always used to call them special, and its easy to see why. The problem is...theres only one way to pass on their family legacy. They must mate with the same woman, and she too must be someone special. Finding a mate that will have them both isnt easy, but they sure have a whole lot of fun looking. **Sample Excerpt:** As bare as her, he stepped up close behind Daisy and molded himself to her back so that she could feel his skin against every inch of her. She kissed Nicholas harder in response to the touch, feeling the same thrill now that she did when enveloped in the wings of both of the dragons, only more intensely now as she felt the hard, suggestive pressure against her back and another on her belly. The one on her belly, however, was still encased in soft cotton and she lowered her hands from Nicholass chest to his hips to start pushing his pants off. Michael touched a kiss to the back of her neck and slid one hand around her hip, allowing one finger to delve between her thighs and into her hot, waiting core. He groaned at the feeling of her slickness on his finger and swirled it harder against the sensitive bud at her peak, eliciting a cry that pulled Daisys mouth away from Nicholass. As soon as their mouths parted, Michael swept his arm beneath her legs to carry her over to the bed. He lowered her onto the plush white comforter and Nicholas grunted his protest to having her taken away from him. This is a menage that youll never forget. Download today to continue reading!
