

Paradise (Modern Library Classics)

If there is any justice in the world of books, [Esolen] will be the standard Dante ... for some time to come. Robert Royal, Crisis

In this, the concluding volume of *The Divine Comedy*, Dante ascends from the devastation of the *Inferno* and the trials of *Purgatory*. Led by his beloved Beatrice, he enters *Paradise*, to profess his faith, hope, and love before the Heavenly court. Completed shortly before his death, *Paradise* is the volume that perhaps best expresses Dantes spiritual philosophy about resurrection, redemption, and the nature of divinity. It also affords modern-day readers a clear window into late medieval perceptions about faith. A bilingual text, classic illustrations by Gustave Dore, an appendix that reproduces Dantes key sources, and other features make this the definitive edition of Dantes ultimate masterwork.
