

## 2nd Edition Alexander (Horsemen) (The Horsemen Book 1)

He is Alexander the Great. And he has come to conquer. Alex Megas, formerly Alexander the Great, is the First Horseman of the Apocalypse. His destiny is to unite the world under one banner before he blows it all to hell. With his best friend and lover, Heston, at his side, there has been nothing he cant do. Madeea is a hypersensitive empath trapped in New York City. She has tried to leave numerous times, but something always held her back. A sense of some greater purpose. When she finds Alex, shes surprised to find she can pick up more from him than just strong emotion. Unable to leave, not sure Alex and Heston will allow her to stay with them, she agrees to aid them with negotiations that will decide the fate of civilization. The attraction among the three is undeniable, but Madeea knows she can never be a part of the deep, abiding love shared by the two men. Besides, when they complete their mission, theyll go to Paradise and claim their reward while shes left behind to deal with the hellish aftermath and the coming of the other Horsemen. But even in the wake of the White Horse, there is still hope. The Horsemen: Alexander is a fascinating blend of fable and imagination. Marteeka Karland expertly weaves a story of hope and love with the end of the world.... This is a definite must read! -- Tara Renee, TwoLips Reviews I thoroughly enjoyed Alexander and the tantalizing view of a future world that echoes with relevance to the world of today.
