

From Hell with Love (The Forsaken Comedy Book 1)

What would you think if someone told you that Lucifer was the father of humanity, most demons and angels began their lives as humans, or that being a good person meant you could still end up in Hell? What if you fell from grace and found that Hell was not all fire and brimstone? After his death, Niccolo da Firenze found that he had been damned to Hell, but he quickly realized Lucifers prison was not what the church had always claimed. His new home was a breath of fresh air, a place where he truly belonged, and it was only a few years before Niccolo rose through the ranks and became the Horseman of Pestilence. Surrounded by new family and friends, accepted even with all of his faults, Niccolo would often forget his part in the coming Apocalypse. That bliss came to an end once Cadmus, the Horseman of Death, inherits a vision of Lucifers murder. And so, with his fellow Horseman by his side, Niccolo begins his frantic journey to uncover a conspiracy involving ancient demons, corrupted humans and even a few gods. For Niccolo, there is far more at stake than the destruction of Hell, far more at stake than losing his home or failing in the Apocalypse. If Cadmus vision comes true, someone will murder the person who had become a father to Niccolo, who had raised him from the depths and given him hope in the darkness. This is the story of the Horsemen of the Apocalypse and how they rode to save the Devil. From Hell with Love is the first book in The Forsaken Comedy, the second series from Kevin Kauffmann. Depicting an alternate mythology informed by the Book of Revelations and supplemental texts, the novel strives to create an entertaining and thoughtful read which ties together fantasy, religion and scientific knowledge to create something entirely new.*Authors Note: As of September 2015, From Hell with Love has been updated with the help of a professional editor.
