

The High Kings Tomb: Book Three of Green Rider

More than a thousand years ago the armies of the Arcosian Empire, led by Mornhavon the Black, crossed the great sea and tried to conquer the land of Sacordia using terrible dark magic. Eventually Mornhavon had been captured, and his evil spirit imprisoned in Blackveil Forest, protected by the mighty Dyer Wall; and in the centuries since the wars end, knowledge of the working of magic had disappeared from Sacordia. Karigan Gladheon was now a seasoned Green Rider a member of the magical messenger corps of the king. But during her first year as a Rider, a rogue magician had cracked the Dyer Wall. The spirit of Mornhavon, sensing the weakness, had begun to wake, seeking vengeance. Karigan had managed to transport the spirit of Mornhavon into the future, buying valuable time for her king and country. But how far in the future was Mornhavon now? There was no way to tell. And though Karigan and her fellow Riders scoured the land searching for lost magical knowledge, they were unaware of a threat to their kingdom that lay far closer: the descendants of ancient enemies had spent generations honing their powers of dark magical force against which the Sacordians had no defense. The High Kings Tomb is the thrilling third installment of the Green Rider series.
