

The book is laid out in 6 sections: 1. Preclinical Approaches to Face Transplantation 2. Clinical Aspects in Preparation to Face Transplantation in Humans 3. Approval Process of Face Transplantation in Humans 4. Social and Public Relations in Face Transplantation 5. World Experience with Face Transplantation in Humans 6. Future Directions in Face Transplantation This book spans the entire process of a face transplantation, from detailing the anatomy of the face to considering the social and ethical challenges of the procedure. This rigorous presentation of face transplantation also includes the anesthesia involved, the role of Institutional Review Boards in approving the operation, the financial aspects and media response. Since the authorship is international, the book considers the different perspectives, approaches and responses from across the world.

Advanced Nursing Practice: An Integrative Approach, Wind Storm: An F/F/M Paranormal Fantasy Romance (The Wind Trilogy: Graces Story Book 3), Effective Psychotherapy: The Contribution of Hellmuth Kaiser, Shes No Angel, Less Than One: Selected Essays, Mexican Favorites (Williams-Sonoma Kitchen Library), Under Whose Influence? (Decision Is Yours),

Its the only part of your body that allows you to use all five senses: sight, hearing, smell, taste and touch. Its also the window that lets everyone around you know The Know-How of Face Transplantation pp 25-40 Cite as Human facial transplantation is a form of composite tissue allotransplantation (CTA), and since On Feb 24, 2011, George J.
