

The Threshold (Classic Reprint)

Evangel. It was her heritage, perhaps, from a visionary father; it was most certainly the outgrowth of that state of life to which it had pleased God to call her. There are spirits conceived and born in revolt; such was her spirit. As she turned the key in the door of the cottage, where the first chapter of her life had been lived, she turned it just as surely on that past. She visualized swiftly the years that had gone before, the experiences and emotions, shut up, now, in that empty house to be left behind. She walked quickly down the sordid street of the industrial town, with a sense of release. She went into a store to leave the key for the agent of the house. Where ye going now, Joan? he asked her. To Chicago. Coin to get a job there? Oh, yes, I hope so, she answered evasively. We ll miss ye down here. Thanks, Mike. Ill not forget my friends here. Her real farewells had been said the night before.(Typographical errors above are due to OCR software and dont occur in the book.)About the Publisher Forgotten Books is a publisher of historical writings, such as: Philosophy, Classics, Science, Religion, History, Folklore and Mythology.Forgotten Books Classic Reprint Series utilizes the latest technology to regenerate facsimiles of historically important writings.
